The Heat Is On

The year is flying by and we now have only a few months till we are ½ way through the year.

How has your chapter done? How have you done? Will our goals be met? If not, there is still plenty of time to turn things around.

Each one of us controls the destiny of this great organization. We are in the driver seat so where are we going? Look below for areas where your chapter needs our help before July to help us stay on top.

Thanks,
Shannon Shuey

APRIL SNAPSHOT: *Conservation*

Kelly Quinones, Amber Dunigan, Rebecca Johnson, and Michael Lamping (not pictured) attended **Sustainable Sandhills'** presentation on water and energy conservation in the Sanford area.

Family Day at the Ole Mill Crank-Up: Meet us at the Hut at 10:30 am on Sunday, May 17 for the 29th annual Gilliam Mill Crank-Up. Learn the old time ways of doing things like candlemaking and cutting wood. This promises to be fun for the whole family. Call Kelly at 356-5623 if you're interested.

Strawberry Jam session: Nothing tastes more like summer than fresh strawberries. Hold onto that flavor with this short, easy jam-making session. **We'll meet on Sunday, May 31 at 1 pm to pick berries, then go back to Kelly's house to make the jam.** Let Kelly know if you'd like to attend, and remember to bring two Mason jars with you!

PTO Day

On **Thursday, May 21, we will be at the Sanford/Lee County PTO** to help support Lee County. Every hour we work means money for the schools .

This helps the schools buy technology and resources. Economy is hurting even the schools this year.

Competition Review

Speak Up, Write Up, Debate, and Jaycee Jeopardy are right around the corner. Come beef up your public speaking and writing skills.

We'll be feeding our minds and bellies at **Café Vesuvio on Monday, June 8.** The trainings will begin at 6 pm.
